

This year, I'm going room by room with my cleaning caddy to get my house clean from top to bottom using my favorite products from AlEnUSA. And I hope you'll join me doing the same.

Let's tackle the windows and sills with Pinalen® multipurpose cleaner. Let's wash the walls and baseboards with Art of Green®. It's easy when you wrap a microfiber cloth onto a broom with rubber bands. Then spray the cloth with Art of Green and "brush your baseboards and walls clean"

- no more sore knees or elbows!

Also, let's make the floors sparkle by cleaning them with a CLORALEN Disinfectant Bleach solution.

I recommend ½ cup of CLORALEN Disinfectant Bleach® to 1.5 gallons of water.

Use only on non-porous floor surfaces.

To help you get through your spring cleaning as quickly and efficiently as possible, I've got a checklist broken down into basic to deep cleaning tasks. You ready - let's clean!!!
